By Mike Raco

Policy Press. Paperback. Book Condition: new. BRAND NEW, Building Sustainable Communities: Spatial Policy and Labour Mobility in Post-war Britain, Mike Raco, In 2003, the Labour Government published its ambitious Sustainable Communities Plan. It promised to bring about a 'step change' in the English planning system and a new emphasis on the construction of more balanced, cohesive, and competitive places. This book uses historical and contemporary materials to document the ways in which policy-makers, in different eras, have sought to use state powers and regulations to create better, more balanced, and sustainable communities and citizens. It charts the changes that have taken place in community-building policy frameworks, place imaginations, and core spatial policy initiatives in the UK since 1945. In so doing, it examines the tensions that have emerged within spatial policy over the types of places that should be created and the forms of mobility and fixity required to create them. It also shows that there are significant lessons that can be learnt from the experiences of the past. These can be used to inform contemporary policy debates over issues such as migration, uneven development, key worker housing, and sustainability. The book will be an important text for students and...

### Reviews

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
