

Geocide: Placating Humanity's Environmental Demons

Filesize: 6 MB

Reviews

This publication is definitely not simple to begin on studying but quite fun to see. It really is full of knowledge and wisdom I am just effortlessly can get a satisfaction of studying a created pdf.
(Alfreda Bradtke)

GEOCIDE: PLACATING HUMANITYS ENVIRONMENTAL DEMONS

iUniverse. Paperback. Book Condition: New. Paperback. 239 pages. Besides climate warming and oil addiction, the environmental crisis encompasses matters of deforestation, food production, biodiversity loss, water management, waste disposal, human health and psychology, raw materials, nuclear proliferation, terrorism, and the paradoxes of technological, economic, and military prowess. Ecocide unravels the enigma of environmental degradation in search of ecumenical and pragmatic solutions for decisionmakers and civilians. Some of the cutting edge techniques and strategies introduced in Ecocide include: A new liquid fuel process that could turn almost any country into a net exporter of oil A climate change strategy that is fair to both developing and post-developed nations A technique to end landfilling plus recover previously landfilled waste Following each chapter, a series of frequently asked questions provides concrete answers on day to day matters such as: Should I cook with natural gas or electricity (microwave, toaster oven, etc.) What fish to eat to save endangered fisheries around the world What is better for the environment, throwing food waste into the trash or down the drain with a food disposal Is there anything we can do with nuclear waste Should I consume GMO foods Intended for non-environmentalists and specialists alike, Ecocide presents an overview of the expanding field of Environmental Science and Policy, including the latest research and technology. A book specific web site will keep you up to date in this fast moving field (details inside). The author is an environmental policy analyst and lawyer from the United States of America. He is also the editor of Political Ecology, a web based meta-journal, and is the founder of Greencore Companies (environmental information services). This edition is an expanded version of the book previously published as Geocide (the first edition is also available as a paperback from Amazon). To look...
