## FINGERPRINTS OF GOD: THE SEARCH FOR THE SCIENCE OF SPIRITUALITY

Riverhead Hardcover, 2009. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "With honesty, discernment, humor, grace-- and an enormous amount of reporting-- Barbara Bradley Hagerty takes on one of the fiercest controversies of the last 500 years: Can we measure faith? Fingerprints of God reads like an elegant mystery story as Bradley Hagerty launches a search for evidence of God within us and the universe as a whole. People of faith and science will be grateful for the chance to join her on her quest."-- E. J. Dionne Jr. , author of Souled Out and syndicated columnist "Barbara Bradley Hagerty has done something truly remarkable here. She has brought her considerable reporting skills and wonderfully wry writing to the question of who or what is God. By meticulously documenting scientific studies and interspersing them with the experiences of a number of individuals, including herself, she opens doors to those answers. Fingerprints of God is its own scientific and spiritual journey, one well worth taking."-- Cokie Roberts , author of Ladies of Liberty and news analyst " Fingerprints of God is a courageous and immensely enjoyable book. In Barbara Bradley Hagerty's investigation of the science of spirituality, I found answers for questions I've pondered for years. Many people will find themselves in these pages."-- Donald Miller , author of Blue Like Jazz "What a book! The pages crackle with fresh insights into the nexus of faith and science. Striking just the right balance between skepticism and open-mindedness, Bradley makes for the perfect guide on this journey of discovery. Read this book. It'll inform and entertain - and just might change the way you view the world."-- Eric Weiner , author of The Geography of Bliss "You can find God in many places, from the condemned on...
